# CEPC HA Bits

A Hyaluronic Acid  
Formula for all  
Classes of Horses

**160**  
Servings

Net Wt. 5 lbs (2.27 kg)

**Product Facts (continued):**  
For use in all breeds of horses only.

**CEPC HA Bits** is a convenient state-of-the-art bits technology that defines the delivery of H.A. (Sodium Hyaluronate) in a new way. **CEPC HA Bits** contains high quality Sodium Hyaluronate (H.A.) in a synergistic blend of lecithin and Salvia hispanica seed along with other ingredients for optimal absorption of H.A. in the body. This formula is designed to support and maintain synovial fluid viscosity, as well as support joint flexibility and cartilage health.

**Directions for use:**

**Maintenance:** 1000 to 1600 lbs: Give 1 (1/2 oz) scoop daily.

**High Performance Activity:** Give 2 scoops (1 oz) daily.

1 Scoop = 1/2 oz. (14 g)

**Warnings:**

For animal use only.

Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.
